SIPROTEC 5 – Devices Protection, Automation and Monitoring

The new benchmark for protection, automation and monitoring
The SIPROTEC 5 series is based on long-term field experience of the SIPROTEC device series and has specifically been designed for the new requirements of modern power systems. For this purpose, SIPROTEC 5 is equipped with extensive functionalities and device types. With the integrated and consistent engineering tool DIGSI 5, a solution has also been provided for the increasingly complex processes, from design through engineering up to test and operation

- Overcurrent and feeder protection
- Transformer differential protection
- Engineering tools for protection
- Universal protection relay
- Breaker management
- Distance Protection
- Merging unit

SIPROTEC Compact

- Overcurrent and feeder protection
- Voltage and frequency protection
- Motor and generator protection
- Line differential protection
- Feeder automation

SIPROTEC Reyrolle

- Overcurrent and feeder protection
- Transformer differential protection
- Voltage and frequency protection
- Motor and generator protection
- High impedance protection
- Capacitor bank protection
- Line differential protection
- Synchronizing protection

MiCOM series 10, 20, 30, 40

Comprehensive range of digital protection relays

- MiCOM series 10
- MiCOM series 20
- MiCOM series 30
- MiCOM series 40

VAMP Feeder/Motor and Arc Flash Protection Relays

Relion® Protection and Control

Medium Voltage Power System Protection in Data Centers

611 series

Preconfigured solutions

- Feeder protection REF611
- Motor protection REM611
- Busbar and multi-purpose differential protection REB611
- Voltage protection REU611

615series

Compact and powerful Feeder

- protection REF615
- Line differential protection RED615
- Motor protection REM615
- Transformer protection RET615
- Voltage protection REU615
- Capacitor bank protection REV615
- Generator protection REG615

620 series

Flexibility and performance

- Feeder protection REF620
- Motor protection REM620
- Transformer protection RET620
